

Swimming Impact Statement July 2026

Schools must publish Year 6 swimming data directly onto their own official school website. The Department for Education (DfE) requires all state-funded primary schools in England to report these figures publicly each academic year. This data is not uploaded to a centralized government portal; instead, it is hosted locally on the school's site for parents, Ofsted, and secondary schools to access.

Data for our Y6 cohort in July 2026

Cohort size: 20 children

Number of children that can swim 25 metres: 11/20

Percentage of children that can swim 25m: **55%**

We believe everyone can achieve
